

## **The 10<sup>th</sup> GS1 Hong Kong Supply Chain Management Excellence Summit 2010**

**Theme: Revitalizing your Supply Chain to Accelerate Growth**

**The Summit is entering its 10th year and is the region's premier executive event that regularly attracts some 500 business, supply chain and technology leaders to advance their businesses with higher efficiency, visibility and quality.**

With keynote speeches, panel discussions and case sharing by supply chain management experts and respected business visionaries, the Summit provides you with the practical knowledge, expertise and strategies to build the intelligent supply chains you need to survive in today's global marketplace.

### **Program Highlights –**

#### **Distinguished speakers**

Speeches by respected business leaders, supply chain experts and the AMR's Top 25 Supply Chain Companies for 2009

#### **Case sharing**

Revealing inside information on successful supply chain implementation projects, including the winning cases of the 3rd Hong Kong RFID Awards.

#### **Future vision**

Presentations on future-shaping technology concepts, such as the Internet of Things, sustainability and traceability

#### **Technology Showcase**

The latest state-of-the-art technology innovations, applications and solutions on display

#### **Networking**

Providing a rare opportunity to mingle with potential partners and key stakeholders along the supply chain during evening cocktails

As a local chapter of an international standards body for supply chain management, GS1 Hong Kong is dedicated to helping companies in Hong Kong and the Pearl River Delta Region enhance supply chain efficiency and visibility through the innovative use of global standards, enabling technologies and best practices.
