

Dr. Winnie Tang Invited at the Cloud Computing Executive Roundtable 2010

Dr. Winnie Tang, JP, President of Internet Professional Association (iProA), was invited to attend the Cloud Computing Executive Roundtable on June 2, 2010, organised by Market Intelligence Group.

Designed exclusively for 100 Enterprise C-level Executives, the Cloud Computing Executive Roundtable 2010 revealed business strategies and best practices for enterprise CIOs to capture the full potential of Cloud Computing: Reducing IT costs and improving enterprise IT responsiveness to business requirements, at the same time positioning enterprise for the future strategically, organizationally, economically and securely. Dr. Tang enjoyed the keynote speech on "State of the Cloud: Roadmap for 2010 and Beyond", and the panel discussion on "Navigating The Cloud", which has provided participants good exchange opportunities with their CIO peers.
