

Web Care Award 2010 Open for Nomination

(Submission deadline: 31 Aug 10)

We would like to invite your organisation to participate in our Web Care Award 2010, which promotes developing no-barrier websites and building a digitally-inclusive society. The Award, which is a key component of iProA's Web Care Campaign, aims to recognise websites that can be accessible by everyone, including people with disabilities.

We believe that the main purpose for any organisation to have a website is to effectively and efficiently convey information to its stakeholders. Having a NO barrier website is not a philanthropic act, but a critical step to build a good and user friendly website that is accessible for EVERYONE.

We very much hope to have your organisation participating in the Award, joining hands with us to advance the art and science of Internet technology.

To show your support in bridging the digital divide, please complete the registration form and email (jackson@iproa.org) to us on or no later than **31 August 10**.

Should you have any queries, please do not hesitate to contact our Mr. Jackson Tam at 3157 7013. We look forward to your active participation in the Award.
